We welcome you to our AntiqueAdvertising.com Premier Auction (A Morford company). **This is a timed internet auction with no call backs.** Although this is primarily an Internet based auction, we can also accept competitive "up-to" bids by mail, fax, email, or phone. All items in this sale are curated and described by William Morford and are guaranteed to be authentic and as described. We have used brief lot descriptions on these pages; more detailed descriptions, additional images for most lots and videos can be found on our auction website (Live.AntiqueAdvertising.com) or on our mobile app. We attempt to grade condition both fairly and conservatively using a scale of 1-10 (10 being absolutely mint). We do not list reproductions, re-issues or deceptively restored items (occasionally, a well restored piece might be included in one of our sales, but in these instances this will be noted in our description). Any flaws and/or blemishes will be prominently noted and over emphasized in our website descriptions. Dimensions are listed by height then width and are only approximate (+ or - 1/4"). We hope you enjoy this sale and welcome any feedback you may have.
